Many Projects Underway for this, the Third Congressional District, which will be of Great Benefit.

*As is customary with the energetic representative of the Third district. Congressman E. W. JUDGE THAYER'S DECISION UPHELD BY U.S. SUPREME COURT Suit Over Alimony, Which Was Not

Paid in Accordance With Judgment. A decision which is looked upon by lawyers in this city as one of the most important that the United States supreme court has rendered in a long time, has just been handed down in the case of Matilda Von Allert Sistare against the estate of Horace Randall Sistare, says the New Haven Union.

The result of the decision, it is believed, will mean many suits for the recovery of due and unpaid alimony on judgments rendered in divorce cases in practically all states in this country, and, further, the collection

heid at the home of the bride's parents, when Mr. and Mrs. Sullivan were showered with congratulations and good wishes. A wedding breakfast was served.

The bride was the recipient of a large number of beautiful and valuable gifts, including a handsome remembrance from the clerks in the Boston store, where she had been buyer in the ribbon department for a number of years.

At 3 o'clock Mr. and Mrs. Sullivan left for New York, and after a wed-

of New York state. Mrs. Sistare obtained a decree of divorce against her husband and also a judgment for \$22.50 per week allmony for her and her child to be paid to her weekly by her husband. After paying the sum for a short time, Sistare skipped out of New York and came to Connecticut. The original judgment was rendered July 22, 1899. Sistare was later located in Connecticut, and a suit for the half 1.16. Georgia B. took first award and Jenmie Gentry second. It further found that as the New York court could vary change or annual its own judgment it could not be final and that it could not be enforced only by remedies in the state of New York and not outside of its jurisdiction. Sistare died at this time and his sister as executrix of his estate was substituted as party defendant.

Attorneys for the defense then went to the United States supreme court on a writ of error on October 1, 1909. The text of the decision of the latter court has not been received yet.

Traffic on the Central Vermont railroad was tied up several hours Tuesnesday night because of the wrecking of the passenger train that left Nev London at 5.20 o'clock for Brattle boro. Two cars were thrown down an embankment and a third left the rails Two passengers and one of the train crew were injured. The train was in charge of Conductor Denning and En-gineer Henchey. A wrecking train from New London did not succeed in opening traffic until after 11 o'clock.

The wreck occurred a short distance north of West Willington station. The train was gaining speed and without warning the baggage car was derailed by a broken rail. The third and fourth cars, a smoker and coach respectively, were pulled from ther ails by the baggage car. The baggage car and smoker dropped over the side of a small embankment. The coach stopped with the forward trucks hanging over the miniature precipice. In the smoker were the greater numher of the passengers and of these Roger L. Wightman of Schenectady, N. Y., and F. A. Thalman of Jersey City, were the most extensively jured, although not serious. The juries consisted principally of tusions about the limbs and body.

Wedding of Thomas M. Robinson and Maggie Adams-Lowering Miss Trolley Curve—Passes Druggist's Examination—Notes.

The trolley track at the foot of South B street, near the Taftville Congregational church, is being lowered three feet, work on the job having been started Tuesday by the Connecticut company. The track curves into the highway at this point and has been several feet above the new macadam road which was laid along Riverside a year ago. The lowering of the track will remedy this. The work was progressing nicely Wednesday under the direction of Foreman Daniel Johnson. In the roadbed up along Riverside new ties are being put in this week.

Parisian Sage Has Spread.

A few years ago there was introduced into America a cure for dandruff, falling hair and all scalp diseases.

News of the quick action of this wonderful invisorator spread rapidly.

And today, without any sensational or untrue advertising, Parisian Sage is used extensively in almost every town in America. And what has produced this great demand? Simply this: Parisian Sage does just what we are telling the readers of The Bulletin it will do.

We claim, and we back our claim with The Lee & Osgood Co's money back guarantee, that Parisian Sage is the most invigorating and rejuvenating hair tonic. It cures dandruff, stone falling hair and itching scalp; it makes the hair grow strong and vigorous, yet soft and lustrous. It is the only hair dressing that reaches the root bulb of the hair and destroys the dandruff germ.
